

Tech F'Est

Bringing Grand Est's tech professionals together

Sponsorship pack - 2025

Tech F'Est is a community-driven web development conference organized by a team of passionate volunteers from AFUP ([French PHP Users Association](#)) and the [Apéros Web Nancy](#) organizers.

As a non-profit organization (under French law 1901), our mission is to promote knowledge sharing and collaboration within the web development community. We expect around 150 attendees, including developers, designers, engineering managers, and CTOs from both large corporations and independent businesses.

This sponsorship package outlines the opportunities available for companies to support Tech F'Est while gaining visibility and connecting with a vibrant community of web professionals.

Additional sponsorship opportunities

Community evening

The evening before the event

With you, we will tailor the activities offered depending on the final price of the option, such as:

- Escape game
- Board game night
- Private museum visit
- ...

The event can also be made accessible by invitation only, with a separate list shared only with the sponsor.

From €1500

Official Goodies

Distributed during badge pickup

Your logo alongside ours on the conference t-shirt, tote bag, or official notebook.

€1500

Lanyard

Your logo on all our guests (and pictures!)

Your logo featured on all attendees during the event, making it visible in every photo and video, showcasing your unparalleled commitment to the community!

€500

Why sponsor Tech F'Est?

- **Exposure:** Gain exposure to a highly engaged audience of web professionals.
- **Networking :** Connect with potential customers, partners and employees.
